MARKS Club Event;

Night flying will be returning soon

Greetings members,

This month the club will have a booth in the Highland Citrus Harvest Festival on March 30 from 10am to 3:30pm.

It is great publicity for our club. So we will need a few volunteers to help man the booth and a few display planes. This stuff will be discussed at our meeting on March 14th. One item we would like to promote is an open house at our field. This will be our fifth year doing this event, our name is getting known in the city of Highland. This year we will have two spaces for more room. If you want to help with this please let me know at the March club meeting or by email at me <steven@rcmarks.org>. In our next meeting we will be discussing the events

Gloria Comstock donated Chuck's, RC and hobby equipment to the MARKS club and during the next few meetings we will have some of those items for sale with the benefits going into our club's treasury. In this context we would like to thank Gloria again for that generous donation! If you want to purchase one or more items you will need to come to a club meeting. The price indicated with each item is a base price that we think is appropriate. Before each meeting you will have time to inspect the items and at the end of the meeting we will have a mini auction with the highest bidder getting the item. Payment has to be made at the meeting, cash and checks are acceptable. There will also be a door prize at each meeting.
