DECEMBER '06 CHRISTMAS PARTY

The MARKS Christmas Party was a great success with approximately 40 of our members in attendance. The meal was superb and we all had a lot of fun chit-chatting amongst each other. It was also very nice to meet the charming “other-half” of our club members. Much hilarity happened during the “Present Exchange” game. All went home happy with their goodies after a good-laugh experience

We'd like to send a big **thank you** to **Joe Augino** for organizing this event, and to **John Richardson** for his musical entertainment throughout the evening.

Club President, George Manning (L) & Andreas Blaser (VP) were very happy with the attendance, atmosphere, and food at our Christmas Dinner

The jovial camaraderie was a whole lot of fun at each table. The food was delicious also.

THIS IS THE PLANE!

Jim Levell's craftsmanship is very evident in this beautiful Super Skybolt (Great Planes kit) he has completed for the AMA Show as the 1st Prize for the MARKS raffle. *Andreas Blaser*

AMA SHOW: JANUARY 12-13-14, 2007

This is the next event we are preparing for. All members involved in manning the booths, must attend the club meeting on Wednesday evening January 10th so they can get their badges and be informed of last minute issues. Of course, we urge all MARKS members to attend our monthly club meetings. So come along!

My Favorite Plane

This new addition to *Propeller Teller* will be featured each month. It may be your favorite RC Model (even if you don't own it), or it may be just a favorite full-size airplane such as a Spitfire, a Boeing 777, or anything that flies! Send your entries to the *Editor* at propnut1947@yahoo.com I will be accepting at least 4 planes each month.

This photo was sent in by Fred Pierce. Many of us have seen him fly it, and he won 1st prize in our War Bird Rally last year. Fred's comment: *"It's been a great flyer It's big and looks cool flying by, with the pilot's scarf (made by my wife, Kim) blowing in the wind. She's a grand ol' kite."* **Fred**
