Editor Joe Augino

Greetings from your President;

Greetings Members,

We are moving our work day to June 23. It will start at 8 A.M. and go till around 12 noon. We will need people to help clean and repair the field. We will need someone with a truck to take the tank to get filled with water. Also weed eaters and shovels and anything else that you think that will help with getting rid of some of the weeds.

Our lock and key change went pretty smooth. There are still members that haven't received their new key.

I encourage you to come to our club meetings. We have had some great guest speakers in the past and more are to come. We have given some great door prizes and cash.

That's it for now.

So keep putting them up in the air my friends.
Steven Lumpkin

Meeting Minutes

- Meeting start at 19:16 on May 10, 2012
- New members;
 - Marlon Camas, present
 - Jimmy Miyajima, not present
- Prospective member;
 - Forest Hopper, present
- Woody: All the hay bales are missing, it looks like they were all burned together with one flight table down by the water by unknown people. Two picnic tables were also dragged away from the field. They were retrieved by members.
- Jimmy indicated that he would build a new table.
- Discussion about what to do concerning tables that have been removed and destroyed.
- We decided that we need to notify the police Dept.; Steven will contact them.
- Andreas will check with Randy to find out if he has seen anything unusual in the pit area in the last few weeks.
- Oscar was at the RCX show and gave his account of that event. There were really no airplane stands. Mostly RC cars.
- No members present at the meeting were at the last night flight. The next night flight will probably be dropped because Sanford is not currently in town.
- Steven will ask Sanford to give a demonstration of how to put lights on models for night flights.
- During one of the future meetings Jim will be giving a demonstration about how to fix a broken wing.(Crash Repairs)
- The speaker from Hitec and other companies cannot make it before June.
- MARKS motto suggestions:
 - "I believe I can fly"

Jim - Motor mount

Woody - Spinner

Create our club's "Motto" Contest

We need a club motto. So for the month of June everyone needs to put on their thinking cap and come up with a motto for our club, e-mail it the newsletter editor for consideration. We will collect all entries during the month of June and publish them for the membership review and vote in July. The lucky winner will be announced in August and receive a 1year membership renewal.
