SBIA Security Office
165 S. Leland, San Bernardino
(The former Norton AFB near the large hangars)

What's News

New Website

The M.A.R.K.S. website has a new look and a new address: rmarks.com. Webmaster Andreas Blaser has the site looking fabulous. M.A.R.K.S. members can have their own page for posting photos and projects. Please see the website at rmarks.com. Andreas has provided an easy template for you to create your own page for posting pictures and descriptions of your airplanes. Check it out today!

Pylon Racing Resumes November 5th.

Join us for pylon racing on Saturday, November 5th at 8:00 am at the Greenspot site. Visitors and newcomers are always welcome.

Glen Helen Runway Damage

The recent attempt to sweep the Glen-Helen runway revealed extensive damage to the older (eroded) section leaving it unusable. The newer portion is reportedly still in excellent shape, however. See rmarks.com for pictures from the field.

October Fun-Fly a Popular Hit

The BBQ and Fun-Fly held on October 8th was a big hit among the membership. Its been a long time since we've been able to put together a club gathering and it was great to have such enthusiastic participation for this event.

Thanks to club president George Manning and all who volunteered their time and effort to put this event together. Thanks also to all of you who showed up to participate. Thanks for supporting your club!

Model of the Month

Jim Levell holds the current M-O-M title with his Right-Flyer .60. The model is powered by a four-stroker and Jim plans to report on its performance at the November meeting. Jim has a reputation for flawless finishes on his airplanes - you can see pictures of this one at rmarks.com.

On the Board

John Skolnick is finishing up P-47 Thunderbolt and P-38 Lightning models. We'll look forward to seeing them in the air over Glen-Helen. Pictures of both can be seen on the website.
